### **Examiner's Reasons for Allowance**

The prior art does not anticipate nor render obvious over Applicant's claimed subject matter. Particular, 'a set load changing means for the elastic member attached to the first lever' in addition to the limitation of 'a third lever pivotally supported by the second lever' In view of the claim language as a whole, the prior does not reasonably suggest the elastic member with the set load means in addition to the third lever amount regulated by the second lever.

After a further search and consulting with Primary Examiner Noah Kamen, Examiner believes the claims are in a condition for allowance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KEITH COLEMAN whose telephone number is (571)270-3516. The examiner can normally be reached on 5:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Cronin can be reached on (571)272-4536. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
